MY IMPRESSION ABOUT THE SOTONG CAMP

I am so thankful to the "YouthCLIP" for giving a chance to express my opinions about our camp. . I have been for one and half year in Korea. That camping was first time for me.

During the camp, I got a chance to work with Koreans. Everyone was so friendly with me. We worked and played together. It was really nice although the work of that village was so hard because of weather but I didn't feel tired. Before going there I haven't seen the real village and villagers' lives in Korea. They don't have a luxury lives comparing with other people who live in cities of Korea. In my mind, I felt sorry about them. According to my Korean knowledge, I talked with them and tried to understand their mind and culture. It was successful a little bit. I got many Korean friends in my university. I am so proud to say now, I have a relationship with "YouthCLIP." They were the real sisters and brothers during the "Sotong camp" Thank you everyone. Hope to see you in next time.
